The BELNORD

BROADWAY TO AMSTERDAM AVENUE Eighty-sixth to Eighty-seventh Street

The Belnord offers the privacy of the home with housekeeping facilities which can only be possessed by the largest apartment house in the world.

I No city residence could possess a private park qualling in size and beauty the court around which the Belnord is built.

No private mansion could embody the responsibility-eliminating features made possible by the most complete service plant ever contained in an apartment tructure.

☐ Ice making refrigerators, vacuum cleaning system, steam drying racks for laundry purposes, 14 plunger elevators, free interior phone service and six practically private entrances give Belnord tenants freedom from household worries and unequalled privacy.
